## Kirby Service Center Vacuum Rebuild Program

### Because our Vacuums Really are Designed to Last a Lifetime

No other appliance manufacturer has a plan quite like the Kirby Rebuild Agreement.

It is The Kirby Company's commitment to loyal Kirby customers and it lasts for as long as you own your Kirby vacuum system. As the registered owner, if you need Kirby vacuum cleaner repair, you may elect, during your ownership, to have our Rebuild Department rebuild your used Kirby vacuum to "like new" condition.

Our professional team will completely disassemble your cleaner, repair or replace any worn Kirby parts, and sandblast, polish and buff metal parts back to a shiny "new" appearance. Internal components are also thoroughly inspected and repaired with Kirby replacement parts so that your system will perform at its highest level.

When the process is complete, all portions of the unit will be tested to the same rigorous standards that were required when your Kirby system was first manufactured. Finally, the finished unit is carefully packaged and shipped back to you for many more years of use.

To take advantage of this program, please contact our Rebuild Department for details and pricing.

Simply call 1-800-437-7170 or email us at [rebuild@kirbywhq.com](mailto:rebuild@kirbywhq.com) (<mailto:rebuild@kirbywhq.com>)

#### BUY KIRBY SUPPLIES

[\(HTTP://WWW.KIRBY.COM/SHOP\)](#)

I love my 30 yr. old Kirby Heritage II. The only thing that has ever needed to be replaced in 30 years are the disposable bags. It is 1,000 times better than any of the newer vacuums out
